

Launch Your Career

Bristol Aerospace, a division of Magellan Aerospace Limited, has an exciting career opportunity for a dynamic individual to join its team as an **Estimator**. The incumbent in this position will be responsible for: estimating the material, production and tooling costs associated with the manufacture of complex components to customer specifications; performing the analytical work to develop standard time data used for estimating purposes; and time and method studies to validate the standards or identify areas in need of improvement. The position requires mechanical aptitude and a good knowledge of the various manufacturing processes. The individual must be capable of analyzing the task and breaking down the work into correct sequence and content to prepare an accurate estimate.

Qualifications Include:

- Post-secondary education in Mechanical Engineering Technology.
- Related work experience in a manufacturing environment considered an asset.
- Experience in the use of Microsoft Office applications.
- Excellent communication (written and verbal), computer and interpersonal skills.

In accordance with our employment equity goals, applications are particularly encouraged from aboriginal persons, persons with disabilities, visible minorities and women.

Only those applicants selected for an interview will be contacted.

Candidates are invited to submit a cover letter and resume by Friday, February 5, 2010 in confidence to: Magellan Winnipeg, P.O. Box 874, 660 Berry Street, Winnipeg, MB, R3C 2S4, fax: (204) 774-0195 or email: balhr@magellan.aero
